

Anti-MT 3
(Metallothionein III)

Code Number: MT-3-MO-PG (AB_2572280)

Size: 50µg or 100µg (ProteinG purified)

Formulation: Powder;

Storage: Store at 4 °C. The antibody can be stored at 4 °C. The antibody can be also aliquotted and stored at -80 °C for long-term storage. Avoid repeated freeze-thawing. Non-hazardrous. No MSDS required.

Species: mouse, monoclonal

Antigen:

recombinant human metallothionein 3

Specificity: Mouse/Human/Rat

This selectively stains liver, brain, and kidney.

Mouse brain stained at 1µg/mL.

Applications: In general, protein purified antibody is used at 1 microgram/mL for immunohistochemistry. The most appropriate concentration should be determined by users, because it depends on contents in given cells, tissues and organs.

Research Use: For research use only, not for use in diagnostic procedures.

Remarks: When reconstituted with 200 micro little of ultrapure water, the buffer composition is 0.02 M sodium phosphate, 0.03M NaCl(pH 7.4)
